

MACLEOD HAS LIVE HOCKEY CLUB FOR 1923-24

Macleod Hospital Self-Supporting During '23

The annual general meeting of the Macleod hospital board was held on Thursday evening in the town hall. The attendance was small when we consider the great importance of the meeting. The chairman presented the annual statement for the year ending October 31st, 1923.

From the statement given to the meeting the hospital is in good stand-

ing, and has been self-sustaining during the past year, having on hand a small amount for the beginning of the new year. Several improvements have been made this year just ending, and the Macleod hospital is now one of the best equipped hospitals in the province. The members of the board for the coming year are C. A. Mercer, Geo. Johnson, J. Swinerton, W.

Stevens, W. Shield, W. H. Shield, M.L.A., was named an honorary member for 1924, he having rendered good service during the past. These elected members choose their own chairman.

MACLEOD METHODIST CHURCH

Sunday Services Dec. 2nd.

Rev. G. D. Armstrong will preach at both services. Morning subject—"A Bunch of Keys". At the evening service, a number of lantern slides illustrating "The Parables of Jesus" will be shown. The place of teaching in worship cannot be overestimated. These services will be of interest to old and young alike, and a very cordial invitation is extended to all to attend them.

The hockey players of Macleod have their club now reorganized for the season, and while they have been successful in the past, they are now counting on an even greater winter of 1923-24. Several old boys have returned, which will strengthen the players, and make the other Clubs take notice. Arrangements have been made for playing, and as soon as the ice is ready the boys are ready to play, and play to win.

The new officers are: Hon. Pres. Mayor McDonald; president, F. M. Staines, with N. S. Kirk, as secretary and treasurer, and a committee that is sure to make things go.

Dance and Entertainment Committee. The following ladies have kindly volunteered their services as a committee to assist the club in connection with projected dances and entertainments: Mrs. J. Hamilton, Mrs. A.

Dixon, Mrs. J. Ringland, Mrs. F. M. Staines and Mrs. S. Dillingham. Macleod has plenty of good hockey timber in her midst—all the boys need is the support of their fellow citizens—and here's hoping and believing they will be enthusiastically supported this year—give 'em the encouragement and watch with pride their development and prowess in their upholding of Macleod in competitive sports.

MACLEOD CURLERS ANNUAL MEETING

The annual meeting of the Macleod Curling Club was held on Tuesday evening, and was well attended. The cool day having apparently given vim to the curlers, and everything went off with a curl and a sweep, so that all were in the humor for curling, or anything pertaining to it. All

are now looking to the days not far distant when they will be "hooping her up," and with a few frosty nights they will have their wish. The new officers are already making the necessary preparations for ice. After the routine business of the annual meeting and passing accounts, these later showing the Club to be in a healthy condition, the election of officers for the year was carried out: President, Wallace Stewart; Hon. Presidents, A. B. McDonald, W. H. Shield, M.L.A., G. G. Coote, M. P.; vice-presidents, O. Stewart, J. Baird, Bert Eckmire; secretary, J. Marks; treasurer, W. Brooks; Avey; ice committee, J. Baird and A. MacLeod; bonspiel committee to be named by president. Other committees to receive attention by the executive. The ladies will receive a reply to their application as soon as the executive and ice committee have completed their arrangements. The ice committee are now on the job, and will be ready to co-operate with Jack Frost.

Boy Scout Patrol Is Organized at Macleod

Tuesday evening, November 27, was an important evening for the boys of Macleod when W. J. P. Selby of Edmonton, organized the Boy Scouts in Macleod. Mr. Selby spent the day in Macleod, and during the time visited the schools and spoke to the scholars about the Boy Scout movement. He also visited the businessmen with the result he had a very enthusiastic meeting in the town hall which was well attended by boys and girls and their parents. It was the most enthusiastic meeting ever held for such a purpose.

Mr. Selby was introduced by Geo. Johnson, manager of the Bank of

Montreal, who will be one of the principals in the new organization. Mr. Selby told of the work of the boys and girls. The division in ages is 12 to 12 years; 12 to 18 years, then 18 to 21 years. It is 14 years since the first organization and it is now in 52 nations, so you will have brothers and sisters in as many nations. The work appeals to the best in every boy. The election of officers resulted in Major J. Lambert, as president; Father Rubau, vice-president; Claude Gardiner, secretary-treasurer were named. This executive will recommend scout masters. Singing the National Anthem closed the meeting.

CHRISTMAS GIFT SUGGESTIONS FROM R. W. RUSSELL, JEWELLER, MACLEOD, ALBERTA

We are always pleased to show goods. Let us help you with your Xmas shopping. We feel sure that when you see our stock you will say it is the best yet. We can show you how to save money by buying at home.

GOOD SALE OF ALBERTA BONDS
MADE

\$9,000,000 refunding debenture issue
of the provincial government has now
been fully taken up, according to
news just received by the government
from New York and the bonds will be
delivered to the purchasers on Friday
or Monday. They were sent for-
ward by the government some days
ago and are now in the keeping of its
New York agents. The buyers of the

debentures are well distributed over
the United States, the issue having
been handled by some 300 dealers.
Financial papers in the east have
commented upon the sale as a highly
successful one, and it is stated that
the effect has been to stimulate in-
terest in Canadian bonds, which of
late have not been in demand on the
American market.

KEEP EX-KAISER OUT OF
GERMANY

Paris, Nov. 21.—The note from the
ambassadors' council concerning the
former crown prince says the allies
take notice of his letter of renuncia-
tion of the throne of Prussia, dated
December 1918 and communicated to
the German government. It tacitly
accepts the German thesis that under
these conditions Frederick William
may properly be considered a private
citizen but remarks that if the Ger-
man government finds itself unable
to deliver him into the hands of the
allies, it nevertheless has the duty of
seeing that he abides by his letter of
renunciation.

The note also requests the assur-
ance of the German government that
it will not tolerate the return to Ger-
many of former Emperor William.

DOC. COOK GETS FOURTEEN
YEARS

Fort Worth, Texas, Nov. 22.—Dr.
Frederick A. Cook, former Arctic ex-
plorer, was found guilty of using the
mail to defraud in oil promotion
schemes, was given a sentence of 14
years and 9 months and fined \$12,000
late yesterday.

THURSDAY, NOVEMBER 29, 1923

A VICTIM OF "EASY MONEY"

Dr. Frederick A. Cook, "discoverer" of the north pole, mountain climber and crooked oil magnate, goes to jail for 14 years.

It is the old story of a restless spirit and the lure of easy money. Dr. Cook is one of the world's greatest adventurers. He has ability in abundance. To "fake" his north pole story and scientific evidence, required more brains and energy than would have been required to actually discover the pole itself.

His present get-rich-quick scheme was formulated with such care and skill as to indicate the presence of ample ability for legitimate money-making had Cook chosen to use his talents legitimately.

There are thousands like him—able men who for some queer reason prefer to use their brains for crooked purposes even though they have sufficient intelligence to make fortunes and fame for themselves honestly.

The reclamation of all this wasted intelligence and valuable ability that have been into crooked channels is one of the greatest educational problems in the world. When education learns how to teach all men to use their brains for honest and useful purposes, the world will have at its disposal a new force of intellectual power which, so inclined, could solve most of humanity's problems over night.

MODERATION LEAGUE WOULD LICENSE ONLY THE HOTEL AND CLUBS

Edmonton, Nov. 23.—Several members of the Alberta cabinet in-
cluding Premier Greenfield are ap-
parently in favor of having the new
liquor legislation provide for some
measure of local option in respect
to the location of government ven-
dors. This was revealed in ques-
tions asked the Moderation League
deputation of twenty members, which
Friday forenoon presented their plans
of liquor control to the government.

While the Moderation Leaguers
had no suggestions on this particular
question, it was evident that the le-
ague will not offer serious objection to
a local option clause in the act pro-
viding it does not restrict the right
of persons in such "dry" districts to
secure liquor from government stores
in localities. It was declared by
some speakers from the delega-
tion, however, in particular by A. H.
Goodall of Calgary, that "wet" dis-
tricts were not extended any local
privileges under the present pro-
hibition act.

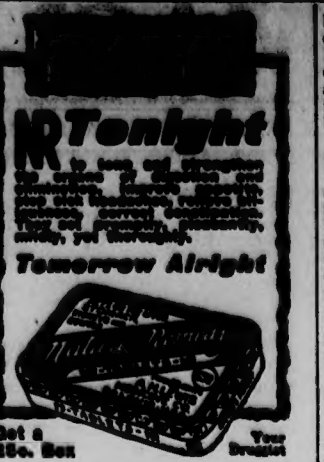

"We don't want to cram things
down people's throats," said Dr.
Conybeare of Lethbridge, spokesman
for the delegation, "for we want
that long enough in this province, and
were forced to turn the tables as we
have."

Although the Moderationists in
their formal outline of suggestions
to the cabinet declared against the
enactment of licenses to others than
hotels and clubs, it was evident that
the delegation was not in accord on
the matter. The Calgary section, in
particular, seemed to have the differ-
ent opinion that properly conducted
restaurants in cities should be li-
censed.

The deputation pressed emphatically
for cheap beer and readily avail-
able beer. Hon. Alex. Ross asked
how they could expect to have beer
accessible to the average man if pub-
lic sale for public consumption
was restricted to hotels and clubs.
Dr. Conybeare contended that it was
unsafe to allow restaurants and
cafes of an unsatisfactory character
in many small towns to handle beer.
They would have to take a chance on
the hotels which should be encour-
aged to provide a higher standard of
service than generally afforded.

Apparently a section of the cabi-
net is in favor of licensing restau-
rants in cities to sell beer under cer-
tain regulations and beyond doubt a
strong element in the Moderation
League wants licenses extended be-
yond hotels and clubs.

Alberta brewers' suggested allowing
the sale of 4-1/2 per cent. beer in
public places and giving brewers the
right to distribute all stout and such
drinks to the homes. Dr. Conybeare
said the Moderation convention had
not made any recommendations in
this respect but he thought that the
ordinary lager beer only should be
distributed by the brewers, the re-
minder of liquor to be procured from
government vendors. However, Senator
Griesbach of Edmonton, and A.
H. Goodall said they thought the dis-
tribution of such liquors by the brew-
eries providing it was manufactured

locally and therefore a stimulus to
home industry.

While asking for administration by
a commission for delegation insisted
that the government appoint to this
commission men who were sym-
pathetic to government control of liquor.
By inference several speakers indi-
cated that they would oppose such
men as E. S. Bishop, Liquor Act
Commissioner at the present time be-
ing appointed to the board.

"It was all right to have a prohibi-
tion man to administer a prohibition
act but we want to have Moderation-
ists dominate the board which we ex-
pect to give our most hearty sup-
port," was the general summing up.
"We represent the consumers, not
the people who are going to make
money out of the new law," as Sen-
ator Griesbach expressed it. "We
must guard against having men on
the commission who are hostile to
the spirit of the new act."

The delegation was strongly in fa-
vor of eliminating middlemen in the
distribution of beer. With this in
mind they recommended having de-
liveries by the brewers to the homes.
When it was pointed out by Premier
Greenfield that present excise duties
make "cheap liquor" impossible, Sen-
ator Griesbach said the matter
would be brought up at the next ses-
sion of the Ottawa house and he ur-
ged that the Alberta government
amongst others appeal for a reduc-
tion in these excessive duties, which
were passed at the crest of the pro-
hibition wave in 1921, and which are
stimulating rather than curbing the
evil effects of moonshining and bootlegging.

H. H. Parlee, K.C., who has been
commissioned by the government to
draft the new liquor bill, was pres-
ent at law hearings and was some-
what baffled when Dr. Conybeare
presented one suggestion in the mod-
eration schedule which asks that
the right of appeal be restored to the
right of the Alberta government
to the accused rather than to the
crown in these appeal rights and
those of certiorari proceedings. "We
mean just that," declared Dr. Cony-
beare. "We have already had wit-
nesses in courts during the last few
years under our liquor law rights of
appeal denied to accused persons
when the crown enjoyed these rights.
It is not according to British prin-
ciple of law."

Speakers for the delegation were
W. W. Howe, Edmonton; Dr. Cony-
beare, Lethbridge; Senator Griesbach,
Edmonton; A. H. Goodall, Calgary;
J. N. Ritchie, Lethbridge; W. Cou-
lins, Medicine Hat; J. Aaron, Calgary,
and H. Baker, Medicine Hat, presi-
dent of the G.W.V.A. in Alberta. The
latter urged that the government
give the G.W.V.A. clubs the right to
sell beer. Other members of the
deputation were: Wm. Short, K.C.,
Edmonton; Jos. Clarke, Edmonton;
T. Longworth, John Marsh, A. B.
Hogg, and S. Kirklin, Lethbridge;
A. A. Barker, Alex. Walker and J.
S. Gilroy, Calgary.

With the exception of Hon. George
Howley and Mrs. Irene Parly, the
entire cabinet declared in favor of
the Moderation League. Premier
Greenfield at first demurred against the
deputation but after consulting with
Mr. Brownlee he con-
sented.

The full list of recommendations
adopted at the gathering of Modera-
tionists in Calgary Thursday were
submitted to the government, the
deputation asking that they be given
priority of looking over the draft
of the proposed liquor bill before it
is finally submitted to the legisla-
ture, in order that they may make
further suggestions if thought advis-
able.

REACH FULL ACCORD IN ALLIED COUNCIL ON TEXT OF NOTE TO BE SENT TO GERMANY

Paris, Nov. 21.—The allied council
the text of the note to be sent to
Germany, reached a full accord at
their meeting this afternoon. The
result was declared by the members
leaving the council by Marshal
Foch to be particularly satisfactory.
The council met at 5:40 o'clock
this afternoon take up the question
of the note to be sent to Germany.
The ambassadors adopted the text
of two notes to Germany, one con-
cerning inter-allied military control
in the reich and the other the return
from Holland of former Crown Prince
Frederick William. Both notes will
be delivered to the German embassy
here this evening as soon as they
are signed by Premier Poincare.

Paris, Nov. 22.—The allies through
their representatives in the am-
bassadors' council last night agreed to
notify Germany that the inter-allied
military control mission will resume
its functions in the reich and that
the Berlin government is bound to
afford it facilities and protection.

They also decided upon a second
communication, in which they note
the former crown prince's letter re-
nouncing the throne of Prussia and
voice expectations that the German
government will see to it that Fred-
erick William faithfully keeps the
promise made therein.

London, Nov. 22.—The agreement
by which France and Great Britain
once more present a common front to
Germany is heartily welcomed here
and not the least by the politicians,
who are glad to be free, even if the
relief should prove to be only tempo-
rary, from menacing trouble while the
domestic electoral fight is in pro-
gress.

Some quarters credit Premier Poin-
care with having taken a more com-
placent attitude because of a desire
not to embarrass Premier Baldwin
during the election campaign.

The text of the notes to Germany
was not available here until a late
hour last night and the only press
comment this morning is furnished by
the Daily News, which is hostile to
both the British government and the

French premier. This newspaper
contends that "it is obvious from the
Poincare is beginning to feel the
effects of a growing moral isolation",
and it accuses the British government
for its "weakness and vacillation" in
handling the situation in the past.

London, Nov. 21.—The British
government's final instructions to
Lord Crewe, the British ambassador
at Paris, for handling the delicate sit-
uation which during the past week
has threatened the existence of the
entente, were forwarded to Paris
early today. Foreign office officials
expressed the hope that definite and
permanent results for the entente it-
self and for the entente's relations
with Germany would be achieved by
the meeting of the council of am-
bassadors in Paris this afternoon.

The French willingness to meet
the British half way on the terms of
the allied note to be sent to Germany
is said here to have been the salva-
tion of the situation, Premier Poin-
care having given way on the three
chief points involved during the nego-
tiations between Paris and London
which ended last night.

Paris, Nov. 21.—One little word
—the word "consult"—which has
been delaying final action by the al-
lied council of ambassadors on the
note to Germany since Monday, it
appears from today's development.
The decision reached by the am-
bassadors on that day was that the note
to Germany would set forth the allied
demand that the military clauses of
the peace treaty be complied with
and that if Germany failed to satisfy
that demand the allies "would con-
sult" as to what action the situation
called for.

Objections to that word were raised
in the French cabinet meeting
Monday afternoon. It was declared
that the necessity thus imposed upon
France to consult their allies every
time action was required was just
what Germany was relying upon;
that no advance would be made if
after making the concession to the
British government on the elimina-
tion of any reference to penalties the
hands of the French government
should still be tied.
After consultation between Jules
Cambon and Lord Crewe on that
point the British ambassador sug-
gested another word to his govern-
ment which he thought might satisfy
London and at the same time would
remove the objections of the French
cabinet. It is understood the British
accepted the modification which
amounts to acceptance of the French
reservation of the right to act
separately if Germany's attitude
should make action necessary.

MODERATIONISTS ASK FOR QUEBEC PLAN OF DISTRIBU- TION OF BEER

Calgary, Nov. 22.—The establish-
ment of a commission similar to that
handling government liquor sales in
the province of Quebec, beer to be
sold to the public by the glass or
bottle, of good quality, for consump-
tion on premises approved by the
commission.

The sale of good quality wines and
spirits in sealed packages by the
commission at such places as the
commission may designate.

Beer to be sold in sealed packages
for consumption in residences by or
through the commission, at such
places as the commission may direct.
The foregoing is a summary of the
conclusions arrived at by the provin-
cial conference of the Moderation
League of Alberta at their morning
sitting in Calgary on Thursday.
The conference adjourned at noon to meet
again after lunch when they will dis-
cuss further recommendations.

As a result of this meeting the
Moderation League will send a delega-
tion to Edmonton on Thursday
night. They will confer with the
government on Friday, giving the
decisions arrived at by the confer-
ence.

Delegates representing Calgary,
Edmonton, Lethbridge and Medicine
Hat were in attendance.

Brewers Want Quebec Plan

Edmonton, Nov. 22.—Alberta
brewers want the Quebec system of
liquor control adopted by the provin-
cial government in their recommen-
dation to the legislature.

Premier Greenfield and his cabinet
were so informed Thursday morning
when a delegation of brewers inter-
viewed the government and submit-
ted arguments in favor of the Quebec
system of handling beer as compared
with the B. C. plan of control.

Hotelsmen Present Case
Immediately after the brewers' de-
putation had given their side of the
case the government called on H.
W. Lunney, K.C., of Calgary, for a
presentation of the Alberta Hotel-
men's association viewpoint. On be-
half of the hotelmen Mr. Lunney ur-
ged the government to confine the li-
censing of premises for the sale and
consumption of beer to hotels.

The extension of licenses to res-
taurants, cafes and clubs as proposed
in some quarters, was strongly op-
posed by Mr. Lunney who declared the
electors did not endorse such a sys-
tem in clause "D" of Mr. Lunney was
legal representative for the Hotel-
men's association which last session
submitted to the legislature the peti-
tion of 50,000 names asking for a re-
ferendum on the question of allowing
the sale of beer in hotels. It was on
this petition that the government
finally took action in submitting the
preferential ballot recently voted upon.

A. E. Cross of Calgary, spokesman
for the brewers' deputation said his
association was strongly in favor of
the Quebec system of government
sale of beer and light wines in res-
taurants, clubs, taverns and such
places. As for hard liquors, they re-
commended government sale by per-
mit. Above all things they were op-
posed to the B. C. system which they
claim encourages the consumption of
hard liquor.

The brewers were represented by
A. E. Cross, James Dee and D. C.
Betts of Calgary, W. H. Sheppard of

"A Mass of Sores —No Sleep— Unhappy Days"

Writes Mrs. Orange Harvey of Deserails,
Quebec, N. S.: "I doctored with doc-
tors until the first of May. Then I got a

Premier Greenfield promised each
delegation consideration in the fram-
ing of the forthcoming bill. With the
premier were Attorney-General
Brownlee, Hon. R. G. Reid, Hon. Alex.
Ross, Hon. V. W. Smith and Hon.
Perren Baker.

The conference between the gov-
ernment and the Moderation League
representatives will be held Friday
morning.

Following the conference Thursday
morning, Premier Greenfield stated
to the press that there was nothing to
announce. "We are simply obtaining
the various viewpoints in order to
assist us in drafting the act," he de-
clared.

Beyond this the premier said he
might have a statement prepared
shortly which would set forth the
government's views regarding a ses-
sion of the legislature to deal with
the liquor legislation. However, he
would not say definitely when this
announcement would be made public.
It is understood that H. H. Parlee,
K.C., of Edmonton, who has been spe-
cially commissioned to frame the new
legislation, has not yet commenced
work on the act. The government in-
tends to gather more information be-
fore a start is made on the vital por-
tions of the bill.

PROTEST OVER PLAN OF FRAMING NEW ACT

Edmonton, Nov. 21.—The an-
nouncement by Attorney-General J.
E. Brownlee this morning that H. H.
Parlee, K.C., of Edmonton, and R. B.
Bennett, K.C., of Calgary, have been
engaged by the government to draft
and revise respectively the new liquor
act has roused a small storm of criti-
cism in semi-official and public cir-

cles in the city.

There is no doubt being expressed
that the eminent legal men appointed
to the task are well qualified for the
work. The main censure directed at
the government is that, with a large
and high-salaried staff of legal coun-
sel already on the provincial payroll,
it should not have been necessary for
the attorney-general to step outside
and pay a stiff price for having legis-
lation erected in skeleton stage which
will have to be finally revised by the
government and the legislature.

Have Highly Paid Staff
In this connection it is pointed out
by some political authorities in the
city that, including the attorney-gen-
eral and his staff of legal assistants,
there are seven lawyers on regular
salary to the extent of \$30,000 an-
nually, in the drafting branches of
the government's home district of Pem-
bina with the legislative assembly itself.
Dr. W. S. Scott is retained as legisla-
tive counsel for the government
exclusively at a salary of \$6000 a
year, and has been draftsman for
nearly all the legislation the last two
years.

Premier Greenfield met inquiries
Wednesday regarding developments
in the situation with his usual "no-
thing to say." He admitted however
that there was no meeting of the
cabinet in prospect on the liquor
question. In fact Attorney-General
Brownlee left during the morning for
the premier's home district of Pem-
bina to deliver political advice on
wheat pool endeavors and other im-
portant topics.

A December session of the legisla-
ture grows more and more remote.

"Mother—"I wouldn't whip him, his
time, Robert. Wait till he does it
again."
"Father—"But suppose he doesn't
do it again?"

DR. ALBERT WILL BE NEW GERMAN PREMIER

Berlin, Nov. 28.—Dr. Heinrich F. Albert, minister of the treasury under Chancellor Cuno, has accepted President Ebert's invitation to form a new cabinet.

The decision to ask Dr. Albert, who was minister of the treasury in Cuno's cabinet, was reached after a prolonged conference with President Ebert and Heinrich Jarres, minister of the interior, and Dr. Gessler, minister of defense. It is assumed that these three men will be members of the new ministry if Dr. Albert is successful in forming it, and it is possible that the other out-going ministers may also remain in office. Former Chancellor Stresemann, however, has refused the foreign ministry.

London Views With Alarm
London, Nov. 24.—The downfall of the Stresemann government is viewed here as an event of the utmost significance, possibly involving developments destined to have a deep and lasting effect on all of Europe. How serious the crisis is regarded may be judged from the fact that some of the morning papers in the British election campaign from first place to display their Berlin dispatches on the reichstag's rejection of the chancellor and the situation in Germany generally.

The Times editorially treats the situation as one of great gravity and reviewing the circumstances leading up to it, says:

"The condition of Germany today is infinitely worse than it has been at any movement since Germany became an empire. The reichstag in the present circumstances is a mere form and fiction and through it anarchy yesterday recorded its verdict. What will happen now is almost an inscrutable problem for Stresemann, Ebert and their associates, and it is a very serious problem for all the world."

Germany Breaking Up
The plain fact is that Germany is breaking up. This fact must be realized now as the most important event in contemporary Europe, with the great tribulation of Russia in the background.

The editorial dwells on the tremendous economic and political situation now under going, "an upheaval which means a startling change in her economic and social structure and in the mentality of her people."

The Times also draws attention to the loss of the Ruhr, which it says was torn from the reich, "and as far as perceivable, will remain separated from Germany for at least a generation."

The issue submitted at the coming election may or may not be momentous, the Times believes, but "what really matters is the position the British Empire is to occupy in the rapidly changing world, a world that has broken loose from all accepted standards, a world that is rushing on at unprecedented speed into the unknown."

The special Berlin dispatches to the London newspapers agree that it is impossible to foresee what administration is to follow, but some of the correspondents stress the growth of militarist nationalism and hint at sensational developments from that source.

Government Session NO. DECEMBER SESSION
Edmonton, Nov. 23.—As was forecasted in the press one week ago, the provincial parliament will not call a session of the legislature to either for the consideration of a new liquor act until early in the New Year.

Premier Greenfield Friday morning issued an official statement to this effect, a statement which he has been promising for some days. This pronouncement states that the cabinet had considered the advisability of having a session of the house to go into the question of government control and the necessary legislation, but in view of the importance of the matter it is felt that more time must be given for consideration than would be available if the session assembled next month.

As was also forecasted, the government is anxious to give a report on the natural resources before the legislature is convened. The statement of Premier Greenfield leads to the assumption that the administration hopes to have something definite to offer in this respect if the session is delayed until late in January or the first of February.

It is thought from the tenor of the following official statement that the legislature will probably not be called together until the first of February or later. With the introduction of government control now delayed until some time in 1924, it is doubtful if the government will care to rush into a session early in January.

Government Statement

The statement issued by the premier Friday morning was as follows: "The result of the referendum necessitates the consideration of an entirely different system of the administration of the sale of liquor. No more important matter has come before the legislature since 1915, involving, as it does, a subject which profoundly affects the whole social structure of the province, and is everywhere attracting the most difficult question with which the government has to deal."

Profit by Experience
"The government is sincerely anxious to profit by the experience of other provinces that have already adopted similar measures, to fairly and honestly meet the wishes of the people as expressed in the recent vote and, for that purpose, to obtain the views of interested organizations as well as representative men of all shades of public opinion on the many difficult points involved in any such legislation."

"The government has fully considered the advisability of calling a session next month. While fully appreciating the necessity of bringing into effect the new legislation without delay, still, in view of the importance of the subject, the government believes that ample time should be taken for full consideration not only of the legislation involved, but also of the organization of machinery in the administration of such legislation."

"The government has also been influenced by the necessity of dealing with other very important matters, principally the natural resources, before the New Year, and this would be impossible if a session were called next month. The government has decided, therefore, that the session will not be called this year, but will be summoned as soon after the New Year as possible."
